

Sustainable Tourism PROGRAMME  
Committed to drive the change

# 2017 International Symposium and Annual Conference: **Empowering Tourism Destinations' Sustainability through Innovation**

Kasane, Chobe District, Botswana,  
7-9 December 2017

Register  
**Now!**

2017  
**INTERNATIONAL YEAR  
OF SUSTAINABLE TOURISM  
FOR DEVELOPMENT**

The 10YFP Sustainable Tourism Programme is committed to accelerate sustainable consumption and production patterns in tourism. Hosted by Botswana Tourism organization and within the framework of 2017 as the International Year on Sustainable Tourism for Development, the Symposium and Conference will serve as a platform to advance on a number of major themes, including:

- Tourism and conservation planning: Better data for better management
- Circularity in tourism value chains: Supporting the Paris Agreement through a low carbon transition
- Financing innovation in tourism: Unlocking competitiveness, sustainability and inclusion
- Marketing of Sustainability: Driving the change in an era of 'empowered tourists'
