programme of work for the period 1992-1993

(a) Technical cooperation

Agenda item 10 (a)
(document A/10/10(a) (b) (c) (d) (e) (f))

The General Assembly,

Having heard and considered the report of the Secretary-General on the Organization's technical cooperation activities for the years 1992 and 1993,

1. Takes note of the results recorded for 1992 and the provisional results available for 1993 concerning the progress of sectoral support missions, project execution and income for the Organization's budget;

2. Expresses its interest in the information conveyed by the Secretary-General on the changes under way within the United Nations system as regards technical and development assistance, based in particular on resolution 44/211 adopted by the General Assembly of the United Nations in 1989;

3. Expresses its concern at the effects, a priori unfavourable for WTO, that some of these changes - the reform of support cost arrangements, national execution of projects and the programme approach in particular - will have on the cooperation activities and resources of the Organization;

4. Consequently approves the policy proposed by the Secretary-General, whereby the national authorities of the developing countries, the United Nations Development Programme (UNDP) and the agencies of the United Nations system would be better informed and made more aware of the role of tourism as a factor of economic and social development and of WTO's action in this field;

5. Requests the Secretary-General to continue and expand the contacts made with bilateral and multilateral sources of finance for the funding of development projects;

6. Desires, in order to cushion the effects of UNDP's new policy on the activities of WTO, that an ambitious programme of sectoral support missions be carried out and that WTO assist, at the earliest possible stage, in the

preparation of tourism development projects;

7. Requests member States to continue to call on the expertise of the Organization, including for development projects that they decide to execute nationally; and
8. Confirms that, pursuant to Article 3 of the Statutes of WTO, "particular attention" should continue to be paid to the interests of the developing countries and that this should remain a priority in spite of the foreseeable changes in the international context so far as multilateral development assistance is concerned.

(documents A/10/11(a) (b) and A/10/11 (a) (b) Add.1)

The General Assembly,

Having considered the report of the Secretary-General on the financial situation of the Organization,

3. Approves the proposal of the Secretary-General to continue to improve data collection for tourism concepts as well as methodologies for measuring their economic importance with a view to convening a second International Conference on Travel and Tourism Statistics during the biennium 1996-

1997, whose aim should be to promote the adoption of a coherent system of statistics and economic information concerning tourism;

5. Requests the Secretary-General to accord this initiative the priority desired by the Members concerned, within the limits provided for in the budget and in cooperation with the UNESCO Silk Route programme with a view to the implementation of this activity;

Having noted that the rapid movements in the parity between the US dollar and the Spanish peseta since the original draft budget was prepared underline the risk of calculating a budget on the basis of a single monthly exchange rate and the need to employ a longer reference period,

6. Approves, on the basis of the weighted average of the United Nations operational rates of exchange for the period January through September 1993, namely 123 pesetas/dollar, a budget of 17,244,000 dollars for the financial period 1994-1995, of which 8,442,000 dollars correspond to 1994 and 8,802,000 dollars to 1995.
